The opening cost for 2 cremation urns in 1 grave would be \$350.00 member and \$450.00 for a non-member if buried at the same time.

Please Note: The cost for a Cremation opening when the ground is frozen and snow has to be removed will be higher. The cemetery board encourages cremation burials to be done when the ground is not frozen.

CREMATION PERPETUAL CARE:

Where cremated remains are placed into the cemetery monument there will be a perpetual care fee for lawn care. The fee will be \$350.00 per niche for members and \$450.00 per niche for non-members.

PLEASE NOTE:

In an effort to make sure funds are available for the care and maintenance of the cemetery for years to come the following policy exists.

Free use of previously purchased lots extends to the family one generation from the purchaser. The second generation of family would be required to pay the difference between the purchase price and the current price of the lot or lots. If purchased lots remain and subsequent generations do not exist or do not want to be buried on the remaining lots the cemetery board reserves the right to resell the lots.
